

The Robot Defeats The Alien

By: Mitchell Gray

Once there was a robot named Brench he  
LOVES to help but sometimes he helps too  
much and he loves

One day before night Brench and I saw  
people running into holes in the ground and  
pulling the hatches shut so I ran up to one of  
the people and asked, "Why is everyone running  
into holes." He said, "There is a group of aliens  
coming to destroy the city.

So Brench and I jumped into action.  
Brench and I went to space to stop the  
aliens when we got there Brench said, "Let's  
fight them." So I said, "Let's do it."  
We started to fight the aliens. Then one said,  
"Let's go back! I can't stand the fight  
anymore!" It said to the other aliens. So  
Brench and I stood guard.

The aliens came back 24 hours later and said  
"We quit the fight." So we said, "O.K."

But the aliens were lying they almost  
destroy the city but Brench and I went to  
the other side of earth and got soldiers to  
fight the aliens and destroyed all the aliens.
