

I'm The Princess of My House

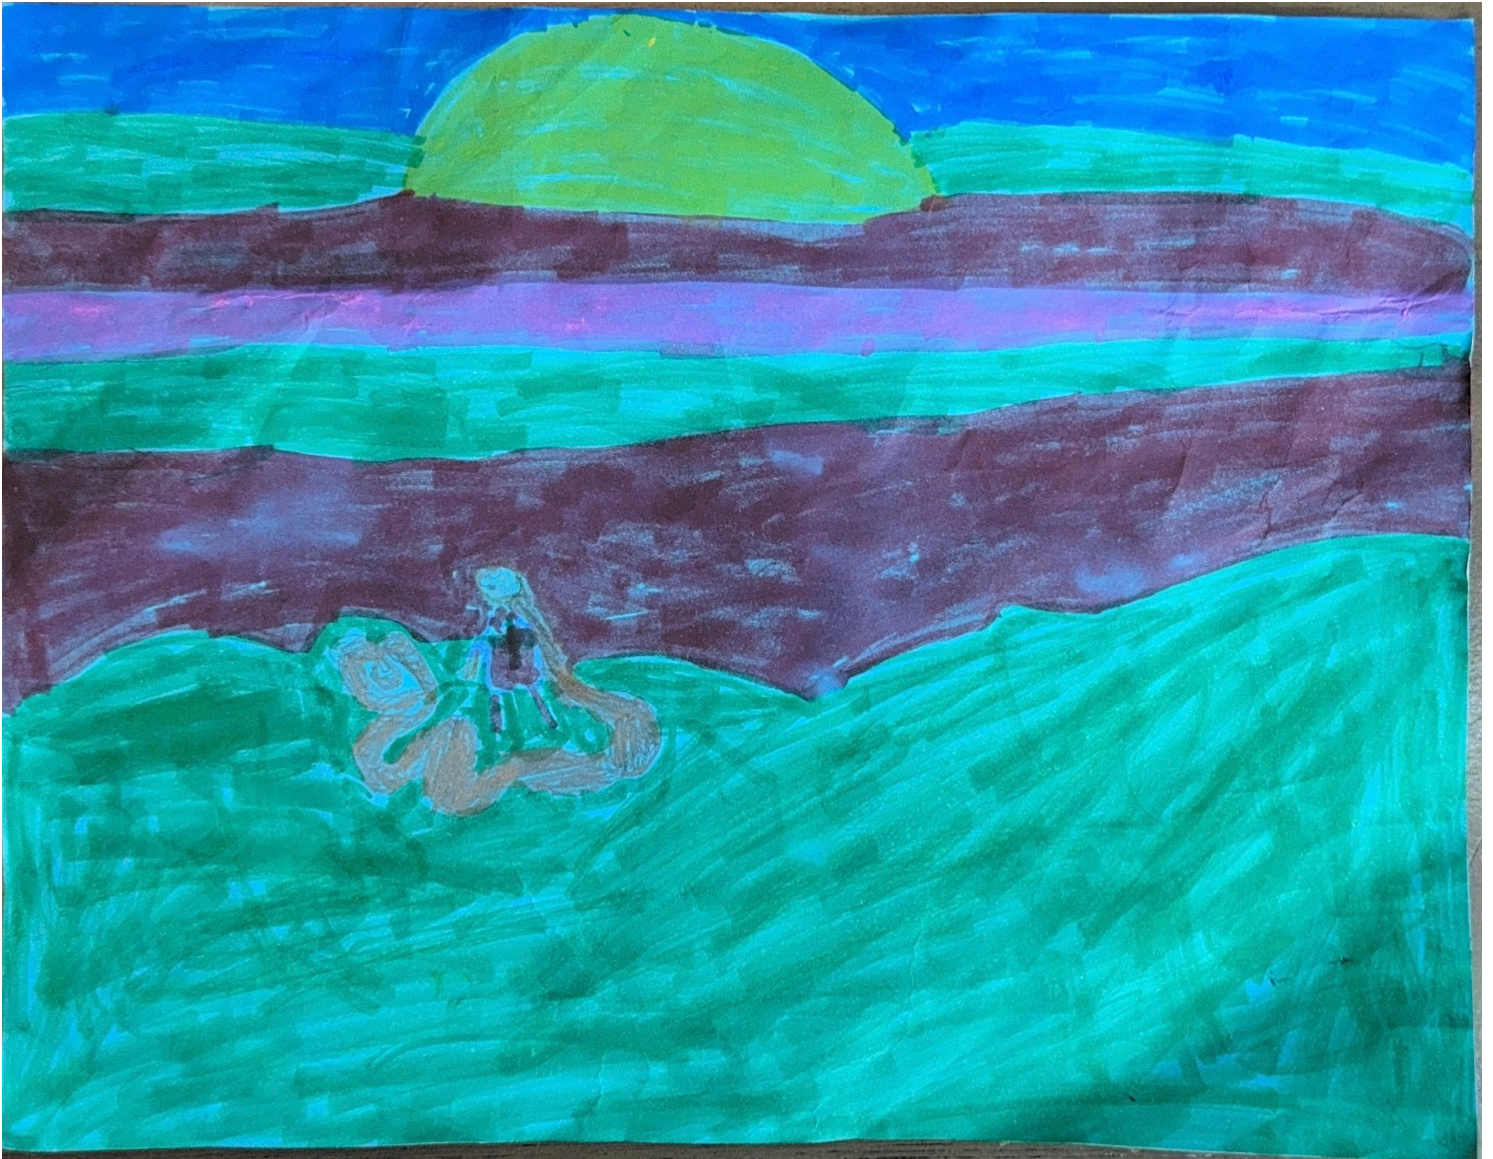

By: Symphony West

3D ART PIECE: PRINCESS SYMPHONY

Illustrator/Photographer/Designer/Artist: Symphony West

I'm the princess of my house because I'm the only girl besides my mom. I have two siblings. They are both boys. One is older than me, one is younger than me. That leaves me in the middle, the middle child. I love being the only girl and the middle child. It feels like an ability but sometimes, it gets lonely.

DRAWING: LONELY SYMPHONY (OUT IN THE OPEN)

But I still LOVE playing with my brothers. But when they're ready to go back inside, it gets so lonely that I go inside too. Like one day, my bros and I were riding our bikes and playing in the dirt, and they were hungry and went inside. That left me, silent and sad.

COLLAGE: EATING AT THE ARTS AND MUSIC FESTIVAL

And, I, the girl middle child, does not want ANY of my siblings, including me, to go outside without an adult's supervision so we don't get kidnapped. So I went inside to grab a snack too. Then my family and I went to the park for the arts and music festival.

DRAWING: FAMILY VACATION

And when we go somewhere fun, like a family vacation, amazing, wonderful and fun are some of the only words I think about. One thing that makes me the princess is that I get to wear dresses, high heels, and sometimes even tiaras. I also have girl's day with my mom, and daddy daughter day with my dad. Fun fact, I'm the only granddaughter and the only niece. And, most of my friends are the princesses of their houses too!

But I love my life no matter the weather, my feelings, my home, or what I eat. And I realized that being the princess of your house doesn't mean being royal and unalone. It means being happy and feeling good. And, when I grow up, I will be the queen of my own house!
